

Ahmad Fayyadh Qaimul Haq

Web Developer

📍 East Tanjung Jabung Regency,
Jambi, Indonesia

I am an IT graduate with a specialization in Web Development and proficiency as a UI/UX Designer using Adobe XD and Figma. I possess hands-on experience in web development utilizing the CodeIgniter and Laravel, coupled with a robust understanding of Databases such as MySQL, SQLite, and MariaDB. Additionally, I am well-versed in REST-API concepts and various architectural patterns like MVVM and MVC.
